LED 24 V Dim Controller

Dim Controller as optional accessory for 24 V transformer

transformer 24V 5 - 200W order separately

recessed radio telecontrol

radio telecontrol

4 channel radio telecontrol

mounting radio telecontrol

DALI Controller

push button for "Touch DIM" function

24V Dim Controller 1-10V

dim control cable 1-10V Mini AMP plug

24V Dim Controller DALI

24V Dim Controller WiFi

24V Dim Controller Sonar

max. 40
LED 24 V Dim Controller
Dim Controller as optional accessory for 24 V transformer

- constant 24 V DC
- Easy plug-in connection for new or existing installations
- with Memory-Function (after cut off from mains the last dimming status is recovered)
- radio telecontrol to dim and switch (operating distance 15m / less for walls and ceilings)
- 4 channel radio telecontrol with master button and wall mounting combinable with dynamic controllers
- mounting radio telecontrol with wall mounting
- recessed radio telecontrol for wood with 35 mm cut-out min. 12 mm incl. mounting housing stainless steel or for use in standard sockets
- plenty of radio controllers can be activated simultaneously using a remote control or per channel
- Dim controller DALI for connection to complex controls or Bus systems
- controllable with every iOS or Android smartphone or tablet (with free of charge Hera-App), operating distance up to 50 m
- easy installation with Plug & Play components and connecting system
- can be used as stand-alone-system without an existing WiFi system; with an existing WiFi system an almost unlimited number of controllers can be used
- NEW: Version 2 incl. Remote Function (external control) and Timer-Function (individual runtime and break time)
- Sonar-Controller for invisible switching and dimming behind wood, glass, stone, or ceramic with a max. size of 40 mm
